

Accessibility Upgrades

We provide comprehensive accessibility upgrades designed to remove physical barriers and improve everyday mobility within the home. Our solutions are tailored to each client's needs, ensuring comfort, safety, and long-term usability without compromising aesthetics.

- Doorway widening for wheelchair and walker access
- Zero-threshold and step-free entrances
- Interior and exterior ramps (code-compliant)
- Non-slip flooring solutions
- Lever-style door handles and accessible hardware
- Improved circulation space for mobility devices

All upgrades are completed in accordance with applicable building codes and accessibility best practices.
