

Stair Safety Solutions

Stairs are one of the highest-risk areas in any home. Our stair safety solutions are designed to significantly reduce fall risk while maintaining a clean, integrated appearance.

- Secure handrails and guardrails
- Enhanced stair lighting and motion-sensor lighting
- High-visibility stair edges and non-slip treads
- Stair geometry adjustments where feasible
- Safe entry and exit transitions

These solutions support seniors, individuals with mobility challenges, and families planning for long-term safety.
